HOW CAN I HELP THE SOCIETY?

The regular spring meeting of the Palmyra Historical Society will be held at 1:00 P.M. on Saturday April 27, 1982 at the Palmyra Village Hall. Plans for the annual meeting of the Southeastern Region of the State Historical Society will be held in Palmyra on September 11 and we should have tentative plans made by April 17. This means that we will need support from the general membership. It is an opportunity for us to put our best foot forward and let people know what we have accomplished.

We will also be planning our summer restoration work. We must complete at least two rooms this summer and also complete considerable outdoor renovation. Elbow grease is at a premium, so come and offer yours. No amount of help is too small or too great. The job is just too big for a half dozen persons.

MEMBERSHIP DUES

Now is the time to renew your membership. Yearly dues are \$5.00 for individuals and \$8.00 per couple. We notice that many charter members have not kept up their yearly dues. This is probably an oversight since a charter membership indicates a great interest in the heritage of Palmyra and an intention of continuous membership.

Among our members, I am sure that we have some who have asked this question and have yet to find the answer. In fact there are many answers, depending upon the person who asks the question. There is always much work to be done in the restoration of the CARLIN HOUSE. We have just barely made a dent in that project. Right along with the need for working hands comes that always embarrassing need for paint remover, brushes, paint, wallpaper and hundreds of other supplies that only money can buy. Even though we have had a number of very generous donations, we have just scratched the surface. We are competing with many worthy projects in this small community, but we ask you not to forget the preservation of our heritage even though the Historical Society is just a small group. We can also use information and memories of the past to aid us in our efforts to preserve past history. These are just a few of the answers. I am sure you can come up with more. Remember every cent you donate goes directly into our projects as we have no paid staff to drain off the money. This is truly a shared project of people in a small town trying to preserve some of their past for their descendants.
